Asks questions about the employees who sold the misprinted US postage stamps, such as how many were involved, whether there was an internal investigation, and if the employees were reprimanded.

Will not discuss this specific case. Pointed out that CIA has a high standard of conduct and does not take questions of improprieties lightly.

Ms. Foster

Asks if CIA can confirm that nine employees were involved in the sale of the misprinted stamps and for any other information.

As pointed out yesterday, cannot help in this specific case since we do not discuss internal matters. Referred to Bureau of Printing and Engraving.
